Furthermore, the District enters into contracts with certain third party contractors who may legally receive student data and/or teacher data and/or principal data. The following information about such contractors appears in the attachment to this document as required by law:

- The names of the third party contractors;
- The commencement and termination dates of each such agreement; and
- The policy of third party contractors regarding student data privacy and security.

Pursuant to Section 2-c and 2-d of the Education Law, parents and students are entitled to certain protections regarding confidential student information. The District is committed to safeguarding personally identifiable information from unauthorized access or disclosure as set forth below:

1. The District will implement safeguards associated with industry standards and best practices under New York state and federal laws protecting the confidentiality of personally identifiable information, including but not limited to encryption, firewalls, and password protection when data is stored or transferred;
2. District agreements with third party contractors will require subcontractors, persons or entities with whom the data is further shared, if any, to abide by data protection and security requirements;
3. Students' personally identifiable information cannot be sold or released for any commercial purposes;
4. Parents have the right to inspect and review the complete contents of their child's education record (Byram Hills Policy #5500). A parent, eligible student, teacher or principal may challenge the accuracy of the student data or teacher or principal data that is collected by filing a written request with the Superintendent of Schools; and
5. Parents have the right to have complaints about possible breaches of student data addressed. Complaints should be directed to the Byram Hills Superintendent at 10 Tripp Lane, Armonk, NY 10504.
